

StudentDV

May 2007 – Show 29

This month on Student DV...

Will Rogers Middle School presents a documentary on the AVID program.

Andrew Carnegie Middle School students show us how to think outside the box.

And Sheldon High School's Shawn Sullivan drops by to share with us some animation techniques.

Shawn Sullivan

Sheldon High School animation teacher Shawn Sullivan gives tips and techniques about animation that students and others can use to make their animations more effective and interesting.
