

StudentDV

January 2007 – Show 25

This month on Student DV...

Sandra J. Gallardo Elementary School students show us the value of having a good attitude.

Rio Linda High School students show us why they don't like vandalism.

And Christian Brothers High School students present an inspirational video about a fellow student.

The Dom Cooke Story

Christian Brothers High School student and producers Mike Sanchez and Hannah Lowe produced this video about fellow student Dom Cooke who was injured in a car accident that left him paralyzed from the waist down. The video is an inspirational story about the determination of one man to not let the confines of a wheelchair affect his life.
