2008-2009 – Show 41

## **This episode on Student DV...**

Each day many people are killed or injured in car accidents due to distraction, speeding, drunk driving and other forms of carelessness. On this show we will be featuring student videos that deal with the topic of driving safety. We hope you join us on StudentDV in our quest for safer roads.

## **Distracted Driving (06:36)**

On July 1<sup>st</sup> of 2008, it became California law that you can not talk on your cell phone and drive without a hands-free device. This is to avoid distractions and ultimately save lives. We should remember that regardless of the distraction, a distracted driver can be a deadly driver.
